### **Commitment to Training and Release Waiver:**

Because we believe strongly in the need for practical biblical training in marriage and family issues, we ask that you make every effort to attend all classes and come fully prepared each week. We also ask that you release us to discuss aspects of your training and evaluation with the pastor who will officiate your ceremony. It is our desire to see you enter your marriage fully prepared and ready for the commitment ahead. From time to time this may require that we work hand-in-hand with your pastor to see that you get any additional support you may need. Your signatures below indicate your intention to fully participate in pre-marriage training and your permission to release information to your pastor at the discretion of the class facilitators.
